Astro Aggregates, LLC
ATTN: Mr. Thomas Kennelly (tom@astroaggregates.com)
79 Long Island Avenue
Deer Park, NY 11729

RE: Mining Certification

Dear Mr. Kennelly,

This letter serves to certify that Strategic Commercial Realty, Inc. d/b/a Rawson Materials ("Rawson") provides Astro Aggregates, LLC with #57 stone via rail to several of their locations from Rawson's 349 Norwich Road, Plainfield, CT (Plant 5) location. Plant 5 is currently a pre-existing non-conforming use site within the town of Plainfield meaning that no permits are required for Rawson to perform sand and gravel excavation and processing on the site. All aggregate products produced by Rawson Materials are from a virgin source.

Sincerely,

RAWSON MATERIALS

Madilyn Smith

Madilyn C. Smith, Corporate Counsel
